DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. (1) *Standing Crops.*—Ragi, avare, togari, groundnut, paddy and sugarcane are in good condition.

(2) *Harvests.*—Nil.

(3) *Crops sown.*—Sowing operation is reported to be in progress in Kankanhalli taluk.

10. Good. Coolies find sufficient labour.

11. Cattle are reported to be generally healthy. Water and fodder are available.

It is reported that "Blackquarter" is prevailing in Sasalu Hobli, Doddaballapur taluk and the Veterinary Department is attending to check the spread of the epidemic.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Nil.

Standing Crops.—Sugarcane, ragi, paddy, potatoes and mulberry are reported to be in good condition.

Crops Harvested—Nil.

10. Fair.

Public health is reported to be generally good except for the prevalence of small-pox at Devarahalli and surrounding villages in Kolar Taluk and at Devaramallur and Settihalli in Sidlaghatta Taluk. Preventive measures are taken to check the spread of the epidemic. Labour is available to cooly classes.

11. Cattle are reported to be generally healthy except for prevalence of "Blackquarter" at Jannaghatta in Kolar Taluk. Necessary preventive measures are taken to check the spread of the disease.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Ragi and horsegram in parts of Madhugiri and Tiptur Taluks; transplantation of paddy in Kunigal Taluk.

Standing Crops.—Ragi, avare, groundnut, horsegram, punaji paddy, in all parts of the District, the condition of which is reported to have been improved on account of rainfall during the week.

Crops harvested.—Kar-ragi in Madhugiri Taluk.

10. Fair in general.

Public Health.—Generally good except for outbreak of plague in Tumkur Town and a few villages in Tumkur Taluk, Chiknaikanahalli Taluk, Gubbi Taluk and at Banasandra in Turuvekere Taluk. Action is reported to have been taken to check the spread of the epidemic.

Cattle are reported to be generally healthy except for outbreak of "Black-quarter" in a village of Gubbi Taluk. Action is reported to have been taken to check the spread of the disease.

Fodder and water are available. Cooly classes find sufficient labour.

MYSORE.

8. Normally supplied.

9. *Seeds sown.*—It is reported that horsegram and greengram are being sown in Nanjangud and Chamarajanagar Taluks.

Standing crops.—Paddy, ragi, jola, thogari, groundnut, castor and sugarcane crops are reported to be in good condition in all the taluks of this District.

Crops harvested.—It is reported that jola in Chamarajanagar; Taluk ragi in Hunsur Taluk and kar-paddy in Nanjangud Taluk are being harvested.

10. (1) Fairly good.

(2) Rainfall is scanty in Gundlupet, Nanjangud and Mysore Taluks.

(3) Nil.

(4) None under relief.

(5) Sufficient quantity of foodgrains are available throughout the District.

11. Cattle are reported to be generally healthy. Sufficient quantity of fodder and water is available throughout the

MANDYA.

8. Well supplied.

9. *Crops harvested.*—Jola is Nagamangala Taluk and kar-paddy in some parts of Malvalli Taluk are being harvested.

State of standing crops.—Standing crops such as sugarcane, jola, kar-ragi and paddy, are reported to be in good condition.

Jola crop is reported to be withering in Malvalli Taluk for want of rains.

Transplantation of paddy is going on in Malvalli Taluk.

10. Prospects of the season are reported to be fair.

11. Public health is reported to be generally good except for the prevalence of plague in Krishnarajpet Town and small-pox in Marenahalli of Krishnarajpet Taluk. Preventive measures are reported to have been taken to check the spread of these epidemics.

Cattle are reported to be healthy. Water and fodder are available in sufficient quantity.

HASSAN.

8. Well supplied.

Crops sown.—Transplantation of paddy is going on in parts of Channarayapatna and Alur Taluks. Horsegram is being sown in Hole-Narsipur Taluk.

9. *Standing Crops.*—Paddy in Hassan, Arkalgud, Channarayapatna, Hole-Narsipur and Alur Taluks; ragi in Hassan, Arsikere, Arkalgud, Hole-Narsipur and Alur Taluks; sugarcane in Hassan, Belur, Channarayapatna and Alur Taluks; potato in Hassan and Channarayapatna Taluks; togari in Channarayapatna Taluk; and til, tadaguni and groundnut in Arsikere Taluk are reported to be generally in good condition. It is reported that the standing paddy crop in Manjarabad Taluk has been affected by "Katte Roga" in most of the villages owing to insufficient rain.

Crops harvested.—Groundnut in parts of Channarayapatna Taluk and ragi in some parts of Alur Taluk are being reaped.

10. Prospects of the season are reported to be generally good. The standing crops in parts of Arkalgud, Manjarabad, Belur and Alur Taluks are in need of more rain.

11. Water and fodder are available for cattle. Cattle are reported to be generally healthy, except for the prevalence of "Blackquarter" in Kundur Village in Alur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures to check the spread of the epidemic.

SHIMOGA.

8. Well supplied.

9. Transplantation of paddy crop is going on in Shikarpur Taluk; sowing of ragi, navane and horsegram is completed in Honnali Taluk; paddy crop is reported to be in bad condition within the radius of five miles from Shimoga, Ayanur and Honnali. There is prevalence of paddy pest in Sorab and Sagar Taluks. Action has been taken to cure the decease with the help of Agricultural Department. Areca crop in Sagar Taluk is suffering from Koleroga. Spraying operations have been taken to eradicate the disease.

10. Prospects of the season is generally good. Rainfall is needed to the paddy crops in Shimoga, Sorab and Bhadravati Taluks. Plague is reported to have been prevailing in Chennagiri Taluk. Precautionary measures have been taken.

11. Cattle are generally healthy. Fodder and water are available.

CHICKMAGALUR.

8. Markets are fairly well supplied.

9. Horsegram, save and navane in Kadur Taluk and horsegram in some parts of Tarikere Taluk are being sown. Transplantation of paddy in Sringeri Taluk has been completed. In Chickmagalur taluks in some parts of Tarikere Taluk and Narasimharajapura Sub-Taluk, transplantation is going on. Standing crops are fair. But in Mudgere Taluk and in some parts of Narasimharajapura Sub-Taluk paddy crop has been reported to be infested with insects pest and the Department of Agriculture is taking precautionary measures in this behalf. In Narasimharajapur paddy crop is likely to fail on account of inadequate supply of water in the paddy fields due to inadequate rains. In Kadur Taluk, jola, til, gram and groundnut are reported to yield less produce due to insufficient rains in the early stages.

The standing crops, paddy, ragi, jola and sugarcane in Tarikere Taluk are also reported to be in poor condition and that rains during the week under report may prove beneficial. Ragi in Chickmagalur taluk, kar-ragi in Sakrepatna circle and

Vaisakhy paddy under Devanur, Anegere and Keresanthe and Vishnusamudra Tanks in Kadur Taluk are being harvested. Til, groundnut and coriander also in Kadur taluk are being harvested.

10. Seasonal conditions are fair. Recent rains in Kadur and Tarikere Taluks have improved the conditions to a small extent. Small-pox is reported to be prevailing in some villages of Hirenallur Hobli of Kadur Taluk and the Department of Health has undertaken precautionary measures.

11. Cattle are reported to be generally healthy. Chappe-roga is reported to be prevalent among the cattle of Uddebornahalli village of Chickmagalur Taluk. The Veterinary Department has been apprised of the fact. Water and fodder are available to the cattle. There is fodder scarcity in Kadur Taluk and in some parts of Ajjampura Hobli of Tarikere Taluk. In Kadur Taluk, it is reported that date leaves are being used as fodder. The question of throwing open State Forests and Amrithmahal Kaval for free grazing of cattle is under consideration.

CHITALDRUG.

8. Markets are reported to be well supplied except in controlled commodities.

9. *Sowing.*—Sowing of cotton, navane, horsegram and ragi and transplantation of paddy are reported to be in progress.

Standing Crops.—The standing crops in dry lands—jola, navane, sajje, save, ragi, horsegram, paddy and groundnut are reported to be in fair condition owing to recent rains. The Amildar, Harihar Taluk has reported that the standing crops are urgently in need of rains.

Harvesting.—Harvesting of gidda ragi is reported to be in progress in Challakere Taluk.

10. Cooly classes are finding sufficient labour throughout the District.

11. Cattle are reported to be generally healthy throughout the District, except in a few villages of Davangere Taluk where the "Black-quarter" disease is reported to be prevailing. Precautionary measures are reported to have been taken by the Veterinary Department to check the spread of the disease.

Water and fodder are available throughout the District.
